

A designated fund of the Edina Community Foundation

FUNdraising Incentives for 2015 Cool Planet Skiers

Join the team online by set up your online fundraising page here: <http://www.razoo.com/team/2015-Cool-Planet-Skiers>

Add your personal story about why you are part of the Cool Planet Skiers team. Print out your custom QR code to use with your pledge sheet when talking with your network. Create an online fundraising campaign to send folks to your page.

We know that you are fundraising because of your passion for climate solutions and the work of Cool Planet, but we'd like to offer some additional rewards/incentives that reflect the solutions we believe in:

- Raise \$2000 and earn a Goal Zero Nomad 13 with a Sherpa 50
- Raise \$500 and earn a Goal Zero Switch 10 Multi-Tool Kit (includes a Nomad 7)
- Raise \$200 and earn a Gift Certificate to an upcoming SPEAK UP!! training
- Raise \$100 and earn a Cool Planet Skiers headband

Nomad 13 with Sherpa 50. Power your laptop from the sun. Ultra-portable power supply for laptops, tablets, DVD players and more. Paired with a durable solar panel for endless power.

Switch 10 Multitool Kit with Nomad 7. More than a phone charger, more than a flashlight; the only all-in-one power solution for your pack. Quick charge phones, POV cameras, and other USB-powered gear, then switch on a flashlight for bright light anywhere, or a fan to cool off.

Margot sporting her Cool Planet Skier gear

We are really excited about the products that Goal Zero is producing and the opportunity to become small-scale solar producers. We've been using their Nomad 7 and Nomad 3.5 to charge our cell phones and took them along on bike trips last summer.
