

Getting a bill through Congress

When is compromise a good thing?

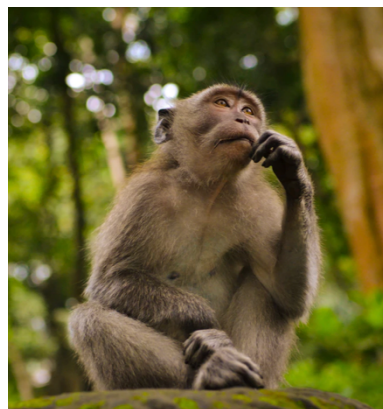

Citizens' Climate Education

Small group exercise

Ponder these topics for 15 minutes:

(You don't have to come to agreement!)

- CCL's rate of increase in the fee
- Protects the poor
- 100% revenue neutral
- No rollback of regulations
- No release of liability for fossil fuel companies
- Includes Border adjustments
- Dividend vs tax swap

Show your opinion

Political party color codes

Red is Leans Right

Blue is Leans Left

Yellow is Independent

Small group discussion

How much would you compromise on your bottom lines in order to get votes on the bill?
